Bruce Duke, Executive Director Public Service Commission of South Carolina Saluda Building 101 Executive Center Dr. Columbia, SC 29210

Re: Generic TRO Arbitration
Docket No. 2004-0049-C

Dear Mr. Duke:

Verizon South Inc. (Verizon) submits this letter to propose a schedule in the above-referenced arbitration. The proposed schedule is set forth below:

| <b>Due Date</b> | Submission   |
|-----------------|--|
| 2/20/2004       | Verizon's Arbitration Petition                               |
| 3/19/2004       | Verizon's Amended Arbitration Petition                       |
| 4/13/2004       | CLEC Responses to Verizon's Arbitration Petition             |
| 4/27/2004       | Verizon's Proposed List of Disputed Issues                   |
| 5/4/2004        | CLEC Responses to Verizon's Proposed List of Disputed Issues |
| 5/14/2004       | Commission Order Establishing Disputed Issues                |
| 6/14/2004       | Simultaneous Opening Briefs Filed By All Parties             |
| 6/28/2004       | Simultaneous Reply Briefs                                    |
| 7/13/2004       | Final Commission Order                                       |

The foregoing schedule is simple and straightforward, and will allow the Commission to issue a final order reasonably near the July 2 due date established in the *TRO*. The schedule does not call for written testimony or hearings because the non-pricing issues to be decided are legal issues. Although Verizon's TRO Amendment includes proposed prices for items required by the TRO, Verizon proposes to litigate those rates in a slightly later phase of this proceeding. In the interim, Verizon proposes to charge the prices set forth in Exhibit A to its TRO Amendment. Verizon would agree to a true-up if the Commission, after it concludes the price-setting phase, determines that a true-up is appropriate. This approach will ensure that the terms and conditions phase of the proceeding is completed in a timely fashion, and the pricing phase is completed in due course and does not result in financial harm to either Verizon or the CLECs.

Please contact me at the above-referenced number if you have any questions or comments.

Respectfully submitted,

Stan Bugner Director Regulatory & Government Affairs
